Internship Objective

I am currently a third-year student pursuing a Diploma in Digital Design at Republic Polytechnic, with a strong passion for technology and a commitment to continuous growth. I thrive in dynamic environments and enjoy tackling challenges that push my boundaries and enhance my skill set. I am actively seeking an internship opportunity in front-end development or a role related to artificial intelligence, where I can apply my programming expertise in JavaScript, HTML, CSS, and React.

Beyond technical skills, I bring leadership, adaptability, and a collaborative mindset, with the goal of contributing meaningfully to the organization's success. I am eager to use my skills to create impactful websites that serve meaningful causes, and I look forward to growing both personally and professionally through this opportunity.

Summary of Key Skills

Technical Skills:
- Programming using HTML, CSS, React, JavaScript
- Figma
- AI and Machine Learning
- Python
- Microsoft word and office
- Content Creation – Social Media Educative/Recap Posts

Critical Core Skills:
- Adaptability
- Problem solving
- Communication
- Learning Agility

Education

Republic Polytechnic   **Expected Completion Date: Apr 2026**
Diploma in Digital Design and Development
GPA of 3.97

Ahmad Ibrahim Secondary School   **2018 - 2021**
Attained 4 GCE "N" level subjects pass
Attained 2 GCE "O" level subjects pass (Math and Science)

Work Experience

Sushiro   **August 2022 – September 2022**
Kitchen Staff – Causeway Point

- Helped prepare vegetables, desserts, and sushi at my assigned station. Demonstrated forecasting skills by estimating and prioritizing ingredients for peak hours (lunch and dinner), effectively preventing waste and shortages

- Collaborated with a team to communicate effectively on preparation and cleanup tasks during peak hours, ensuring timely food preparation and minimizing kitchen risks.

Volunteer and Leadership Experience

Singapore Youth For Christ   **2022 – Current**
RP Subcore Leader

- Collaborated with a team to create Instagram content and telegram messages to reach out to the people in the community.
- Led student events successfully like "Welcome Tea" and "Holiday PEP". Learned problem-solving and collaboration skills when planning the activities.
- Launched "R&P" (Rest and Play) event on campus. Requires weekly planning and adaptability to changing circumstances.

Hackstart Project   **Jan 2024 – May 2025**
President

- Led a new project by presenting to groups of students, successfully engaging and recruiting 100 new members
- Organized weekly meetings and monthly workshops for members, collaborating with the team to ensure successful competitions. Applied problem-solving skills and adapted to changing situations.
- Developed and delivered workshops and training for members, continuously learning to improve planning accuracy and stay informed

Achievements & Awards

- Director's Roll of Honour   AY2023 Semester 1
- Director's Roll of Honour   AY2023 Semester 2
- Diploma Prize   AY2023 Semester 2
- Republic Award   AY2023
- Director's Roll of Honour   AY2024 Semester 1
- Award of 2024 A*STAR Science Award (Polytechnic)   AY2024
- Brainhack, CODE_EXP competition Finalist   AY2024
- Director's Roll of Honour   AY2024 Semester 2

Micro and Alternative Credentials

- PCEP - Certified Entry-Level Python   March 2024
- AI4I-–Literacy-in-AI   April 2024
- Linkedin Learning - Introduction to Web Design and Development   May 2024
- Linkedin Learning - Software Testing Foundations: Test Planning Oct 2024
- Linkedin Learning - Software Testing Foundations: Test Techniques Nov 2024
- Google IT Automation with Python Specialization   May 2025
- AI Ethics – AI Singapore   May 2025
